Office policy on Disability/FMLA papers

We have been getting multiple requests from patients to complete disability papers for medical leave. We will be more than happy to assist you. However, please be advised that since it takes us extensive time to complete these papers for you, we will only complete one set per patient and allow at least one week's notice for completion.

If you require additional disability papers to complete for the same illness, there will be a \$25 fee for additional sets.

Thank you for your cooperation.
